YAMIL BURGOS

Front-End Developer

yamil.burgos1293@gmail.com | 347-296-5627 | Elmhurst, NY
yamilburgos.com | github.com/yamilburgos | linkedin.com/in/yamilburgos

EDUCATION

General Assembly, Web Development Immersive | New York, NY
An accelerator designed to gain specialized skills for upcoming software engineers

Baruch College (CUNY), Zicklin School of Business | New York, NY
Bachelor of Business Administration | **Major:** Computer Information Systems | **Minor:** Communication Studies

Urban Male Leadership Academy Scholars (UMLA Scholars) | New York, NY
Empowers and supports Black and Latino male students through rigorous academic support

TECHNICAL & PERSONAL SKILLS

Programming Languages: Visual C# | Java | JavaScript | Node.js | React.js | Git | PostgreSQL
Computer Software: Visual Studio Community | Sublime Text | MS Visio | Photoshop | Heroku
Interests/Hobbies: Reading | Salsa Dancing | Video Games | Softball | Volleyball

PROJECTS

VideoDex | github.com/yamilburgos/VideoDex   June 17
  - A browser application using YouTube's, Dailymotion's and Twitch's API to present video content
  - Queried all 3 APIs for video results and provided a video player to watch content via popup
  - Concepted and completed project within a week and was presented to a community of developers
  - Created using VS Codes and utilized JavaScript, React.js, HTML & CSS as programming languages

What's That Pokémon | github.com/yamilburgos/WhatThatPokemon   May 17
  - A browser application using the PokéAPI to render information about the first 151 Pokémon
  - Utilized the API to alter existing HTML elements with new, up-to-date information upon user click
  - Prepared multiple validation checks upon clicking on a Pokémon entry before displaying any data
  - Created using VS Codes and utilized JavaScript, React.js, HTML & CSS as programming languages

Java-RISK | github.com/yamilburgos/JavaRISK   April 17
  - A 2-player browser game that was based on the popular 1957 board game Risk
  - Successfully used wireframes to create the MVP & utilized user-stories to determine critical steps
  - Communicated with project stakeholder on all project activities and maintained a project roadmap
  - Created using Brackets and utilized JavaScript, HTML & CSS as programming languages

WORK EXPERIENCE

Platform by Per Scholas | QEA Teaching Assistant | Bronx, NY   Sept - Present
  - Guided students in understanding core Java including exception handling, collections and abstraction
  - Aided the course instructor in teaching Java, JSP (JavaServer Pages), Servlets and the Spring framework
  - Assisted the rest of the Platform instructional team with their course requirements & methodology

Ghostery | Technology Support Representative | New York, NY   March - Nov 16
  - Kept regular contact and aided Ghostery developers by using the Atlassian JIRA's ticket submission system
  - Queried databases like Amazon Redshift and Apache Hive to research issues reported by company's clients
  - Wrote daily updates to Ghostery's internal database of clients and vendors with new up-to-date information

Solid State Systems LLC | Technical Writer | White Plains, NY   July - Oct 15
  - Participated in the completion of project related activities such as the building of a remote office workplace
  - Utilized Microsoft Excel and Visio to record and modify all network-based designs for 3 office locations
  - Reimaged computers by ghosting, updated software and then added the system back to the domain

LEADERSHIP & DEVELOPMENT

CUNY Codes | Fall 2015 Portfolio Development Participant | New York, NY   Oct - Dec 15
  - Familiarized and actively used the agile software development process during the 10-week course
  - Utilized Pivotal Tracker to keep track of team's milestones and project goals on a weekly basis

Beyond Coding | Emerging Computer Programmer | New York, NY   June - Aug 15
  - Learned how to explain technical jargon and presenting complex data to a non-technical team
  - Strengthened understanding of data analysis for problem solving and writing code more effectively
